TO WHOM IT MAY CONCERN

Sub.: Clarification regarding the Period of Study for the 2023–2027 Batch under the Four-Year Undergraduate Programme (NEP 2020).

This is to clarify that, in accordance with the National Education Policy (NEP) 2020, the University Grants Commission (UGC) has introduced the Curriculum and Credit Framework for Undergraduate Programmes (CCFUP), which provides a student-centric, multidisciplinary curriculum with a flexible Choice Based Credit System (CBCS) and multiple entry and exit options.

Under this framework, the normal duration of the Undergraduate Programme is four years, with multiple exit options as follows:

- After successful completion of the 1st Year – Certificate
- After successful completion of the 2nd Year – Diploma
- After successful completion of the 3rd Year – Bachelor's Degree
- After successful completion of the 4th Year – Bachelor's Degree with Honours / Honours with Research (as applicable)

Accordingly, for students admitted in the 2023–2027 batch, the official period of study is 2023–2027, as the programme is designed as a four-year undergraduate programme under NEP 2020.

In cases where a student opts to exit after the successful completion of the third year, the Consolidated Grade Card (CGC) will display the grades and results of Semesters I to VI, along with the part-wise month and year of passing. However, the Period of Study mentioned in the Consolidated Grade Card will continue to be 2023–2027, since it denotes the duration of the programme to which the student was admitted, and not the year of exit.

Therefore, the mention of 2023–2027 in the Period of Study field of the Consolidated Grade Card for students exiting after the third year is correct and is in accordance with the provisions of NEP 2020 and the UGC Curriculum and Credit Framework for Undergraduate Programmes (CCFUP).

This clarification is issued for information and official reference.
